

# PROTECT<sup>®</sup> AND CARE

## PRODUCT FILE

### Nitrile gloves powdered 3.5gsm Blue

Ref. A00233

## Specifications

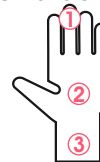

**Brand:** Hy@pro

- Single use
- Prevent the risk of contamination and protecting against micro-organisms (viruses, bacteria & fungi)
- 100% Nitrile: stronger than other glove materials such as latex, natural rubber or vinyl.
- Are flexible and offer good tactile sensitivity
- The roughened fingertips provide a secure grip, even in wet environments
- Good puncture and tear resistance
- Latex-free
- Powdered: these are easier to put on with wet hands, the sweat and moisture is partly absorbed by the powder.
- \*\* Powdered gloves are not suitable for the food industry, as the powder can get into the products.
- Impervious when used in wet or greasy working environment
- Comfortable fit:
  - fitted with roll cuffs for easy donning and doffing.
  - ambidextrous
